

**BETHLEHEM GRIFFITHS
RESEARCH FOUNDATION**

MEDICAL RESEARCH GRANTS AND SCHOLARSHIPS
For research into chronic neurological diseases and palliative care

Applications are now sought from individuals or groups for financial assistance in undertaking PhD studies, specific research projects or equipment purchases in 2009 for one year only. Investigators requiring further funding will need to apply separately each year.

Funding for research scholarships is provided in accordance with NH&MRC levels. Project/equipment grants for sums between \$20,000 and \$50,000 will be considered. Applicants must be carrying out research in the State of Victoria and preference will be given to research projects which have an active link with Calvary Health Care Bethlehem.
